Gentlemen,

I am writing this letter regarding the transmittal of revised figures for Operable Unit No.13 Technical Memorandum (TM) No.1- Addendum to the Field Sampling Plan.

As per our March 28 meeting, enclosed are two sets of the revised figures. As you requested, additional radiological surveys are being conducted before determining final sample locations for Individual Hazardous Substance Sites 117.1 and 197. Provided there are no delays due to weather or security concerns, copies of Figure 3 will be forwarded to you by 1 June 1994. You will be notified via telephone if such delays occur.

Please replace the previous figures in Technical Memorandum No. 1 with the revised figures. If you have any questions please feel free to contact me at 966-4839 or Terry McLeod at 966-4767.

Sincerely,

Steve Slaten
